

College of Arts

Features

The first and foremost professional art school of the country, College of Art, NTNU is known for its traditional legacy and innovated vision for art education. Being the cradle to generations of art masters, educator, theorists and talented designer, College of Arts committed itself to strengthen the visual application with creativity and develop interdisciplinary art talents. The top notch faculty from the fields of industry, education, and research of art, and students being recognized by the domestic and foreign competitions and job market, endow College of Arts international academic reputation. The social responsibility is what we care about, too, in every March to June we hold NTNU Art Festival, which immerses the campus and community in the atmosphere of art, and shows the achievement of art creation and talent development.

Diversified Development

1. Keep up with the national cultural policy to develop art talents favored by the job market.
2. Follow the steps of the university's development and the SPROUT project, we strengthen the feature and connection of departments, institute and centers. Combine the art pieces and academic achievement from both of the grand history and globalized diverse present, we offer professional and interdisciplinary art courses.
3. Continue the restoration of University's collection and operation of the NTNU Art Bank, we offer different kinds of high quality art spaces with modern facilities for all of the brilliant exhibitions.
4. With multi professional and interdisciplinary programs, which includes, Digital Tech Art, Relics restoration and Art Industry, we develop students mind for coming future.

Global Cooperation and Vision

To broadly recruit foreign students, we offer couple of joint seminars and workshops in English, benefit foreign students with credits and improve local student's command of English. These courses welcome students of NTU Triangle Alliance (NTU, NTNU, and NTUST), too. Global view, employability and learning capacity are what we have, together we create synergy. We putting efforts on international academic agreements, study trips, international exchange exhibition, master's workshop, and encouraging students' participation of domestic and foreign competition, by which we broad and strengthen their mind and mobility to the world at the same time internationalize the College of Arts locally.
