

基礎課目「微積分」、「普通物理」、「普通化學」及「普通生物學」之開課、選課方式說明如下：

1. 開課單位：

- 「微積分」統一由數學系開課
- 「普通物理」統一由物理系開課
- 「普通化學」統一由化學系開課
- 「普通生物學」統一由生科系開課

2. 選課：

- (1) 若為必修該類課程之學系，課務組於選課前會先行依系所規劃預選帶課，學生可依自己意願自行加退選。惟退選時請詳加考慮，以免該課程額滿無法再加回之情形。
- (2) 未被預帶之學生請自行加選。
- (3) 部分課程前二選課階段限大一修習，大二以上學生請於全校加退選階段再行選課。

Instructions for course offering and course selection in foundation courses such as Calculus, General Physics, General Chemistry, and General Biology:

1. List of the departments offer those foundation courses:

The Department of Mathematics offers “Calculus” courses.

The Department of Physics offers “General Physics” courses.

The Department of Chemistry offers “General Chemistry” courses.

The Department of Life Science offers “General Biology” courses.

2. Course selection:

- (1) For students of the listed departments, the Course Selection System will pre-assign compulsory courses (including the foundation course offered by their department) in student’s course list, students are allowed to add or drop courses according to their preferences. However, there is no guarantee that the dropping courses will be successfully re-added, please exercise caution before dropping a course.
- (2) For students who are not pre-assigned for those courses, please add the courses on their own.
- (3) Part of those foundation courses are only available for Freshmen during stage 1 and 2 course selection period, students of upper grade levels should wait until add/drop period to add those courses.
