# E-Portfolio System

Holistic Education Center :  
02-77493326

- This system contains a digital file highlighting your student career at NTNU. It is a tool to help students better understand the self-learning process and to ensure students develop in the “five areas of life” (moral, intellectual, physical, social, and aesthetics) so as to graduate as balanced, mature individuals with outstanding workplace potential.
- The E-Portfolio is divided into a “University Certified” and a “Non-University Certified” folder. Within the “University Certified” folder there will be activities, both curricular and extracurricular, that have been acknowledged and recorded by the university. The “Non-University Certified” folder is an area for students to write down their thoughts, a place for art appreciation, personal insights, and inspiration from books and participation in off-campus events.

# E-Portfolio System

Holistic Education Center :  
02-77493326
