

基礎課目「微積分」、「普通物理」、「普通化學」及「普通生物學」之開課、選課方式說明如下：

1. 開課單位：

- 「微積分」統一由數學系開課
- 「普通物理」統一由物理系開課
- 「普通化學」統一由化學系開課
- 「普通生物學」統一由生科系開課

2. 選課：

- (1) 若為必修該類課程之學系，課務組於選課前會先行依系所規劃預選帶課，學生可依自己意願自行加退選。惟退選時請詳加考慮，以免該課程額滿無法再加回之情形。
- (2) 未被預帶之學生請自行加選。
- (3) 部分課程前二選課階段限大一修習，大二以上學生請於全校加退選階段再行選課。

Instructions for the offering and course selection of the foundational courses such as “Calculus,” “General Physics,” “General Chemistry,” and “General Biology” are as follows:

1. List of the departments offer those foundational courses:

- “Calculus” is offered by the Department of Mathematics.
- “General Physics” is offered by the Department of Physics.
- “General Chemistry” is offered by the Department of Chemistry.
- “General Biology” is offered by the Department of Life Science.

2. Course selection:

- (1) If the department requires the above courses as compulsory, the Curriculum Office will pre-assign courses according to the department’s plan before course selection. Students may add or drop courses based on their own preferences. However, please consider carefully before dropping a course, as you may not be able to re-enroll if the course becomes full.
- (2) For students who have not been pre-assigned for those courses, please add courses on their own.
- (3) Some of those courses are only available for first-year students during stage 1 and 2 of course selection period. Students in their second year or above should select the courses during the add/drop period.
